

Instruction for Recipients of Encrypted Tabitha Email

1. When you receive an encrypted email from Tabitha, it will include a link providing you access to the encrypted message on the secure message storage.
2. You will need to register in order to retrieve the message.
3. Enter your name and choose a password at the registration page.
4. When you receive the activation email from Infogressive, click on the link to activate your account.
5. Once your activation is successful you can return to the encrypted email from the Tabitha TEAMember, and click on the link again. This time you will be prompted for the password you just chose and you will have access to the encrypted emails from Tabitha.

For future encrypted emails from Tabitha you will only need to click on the link and enter your password.
