*Upon admission at Tabitha Residences, rates begin at Care Level 2. The level of care is based on a comprehensive assessment required by the Centers for Medicare and Medicaid Services (CMS) called the Minimum Data Set (MDS) assessment. The MDS is completed upon admission, quarterly and at the time of any significant change in condition and will reflect the nursing level of care. Things that affect nursing levels of care include: physical needs, medical diagnosis, wounds, oral intake needs/alterations, medications, physician visits and orders, hospitalizations, and licensed nursing needs.

Room rates will continue to be billed until all Resident belongings have been removed by family or designated party. Medications, transportation, escort, therapy, beauty shop services, select supplies and equipment are excluded from the daily rate.

Credit Card Fee: 3.5% of Balance Charged
