## Hospice CARE

Hospice care enables Clients to live their final months to the fullest—with dignity and choice, providing assistance when needs turn from cure to comfort. Many in hospice care continue to enjoy social activities and are encouraged to remain as active and engaged as their physical condition allows. Hospice is provided in the comfort and familiarity of wherever home may be, or in Lincoln at Tabitha's Journey House, a residential-style home dedicated to hospice care. **Call 402.486.8506 to learn more or visit [Tabitha.org/hospice](https://Tabitha.org/hospice)**

## Home Health CARE

In-home care is a wonderfully flexible system that can be personalized on an ongoing, real-time basis for anyone who would like to address health care needs in the safety of their home. For those who have limited mobility and may not easily access care outside the home, Tabitha comes to you. It is often less expensive, more convenient and equally as effective as care received at a rehabilitation center.
